Topics of the lesson

- ❖ Definition of Family
- ❖ Types of Family.
- ❖ functions of Family.

Origin of the word Family

- ❖ The Word Family is derived from the Latin word Famulus Meanings SLAVE
- ❖ In the ancient Arab and Greek societies , family servants and slaves were also admitted as members of the household.
- ❖ These people had no rights to vote are freedom of expressions etc.

Definitions

The well renowned British Sociologist Prof. R M Maclver (1882-1970) defines Family in the following words,

“ the family “is a group of husband and wife ... Relationship to provide for the procreation and upbringing of children.”

What is family

- ▶ Family is the association , a man and a woman united with a purpose to live together permanently as husband and wife and the expected children.

First Family on the Earth

Man was not born alone . Only the union of the first man Adam and the first woman Eve made this human population possible of which we are a part.

Types of Family

Families are divided into many types or Kinds i.e.

- i. Matriarchal Family.
- ii. Patriarchal Family.
- iii. Single Family.
- iv. Joint Family.
- v. Monogamous Family.
- vi. Polygamous Family.
- vii. Polyandrous Family.

Matriarchal Family

Matriarchal is the combination of two Latin words , Matri (mother/ female) and archia (rule)

A type of family headed by a woman / mother.

In this family, the descent is reckoned in the female line.

The children belonging to the mothers clan.

Patriarchal Family

Patri and archay Combination of two word Patri means father and archy means rule . Rule of male

In this family father or elder male member is the head.

The descent is reckoned in the male line.

The children belong to the father clan.

Single Family

This family is consists of husband ,wife and the children.

The chidern as soon as they grow up and get married ,are separated from the parents family and establish their own unit.

Joint Family

- ▶ In this family , husband , wife and their children live together with
- ▶ the grand children under one roof.
- ▶ Income of all family members is pooled together and the eldest member has right to spend it collectively.

Monogamous Family

- ▶ Mono means One gamos means wife. (marriage)
- ▶ One husband lives with one wife for life time .
- ▶ It is considered the most popular in the modern time.

Polygamous Family

- ▶ Poly means many gamous means wives .
- ▶ In this Family system a man gets married with more than one wife.

Polyandrous Family

In this type of family , a woman could get married with more than one husbands.

This form of family now almost defunct.

In the history, Tibet and the some parts of south India had tis family in the beginning of nineteenth century.

Functions of Family

- i. Biological Function. (rearing of children)
- ii. Sociological function .(enriched with social norms)
- iii. Political function.(It is primary unit of politics)
- iv. Educational functions .(source of acquiring knowledge)
- v. Economics function.(children learn her lesson of home economics).
